

GOOGLE MAPPING API KEY

- Sign in to your Google account (if you don't have one, create one) and click on this URL: <https://cloud.google.com/maps-platform/?apis=maps,routes,places>.

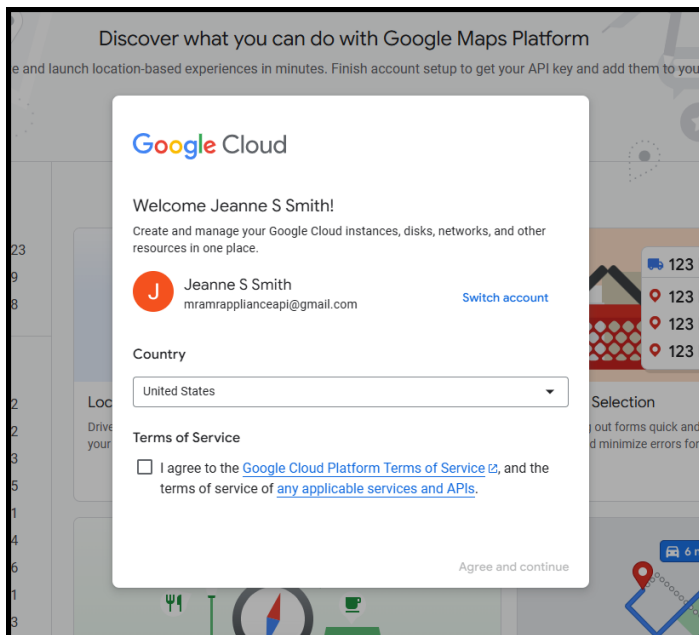

SETTING UP A NEW ACCOUNT

LOGIN TO YOUR GOOGLE ACCOUNT

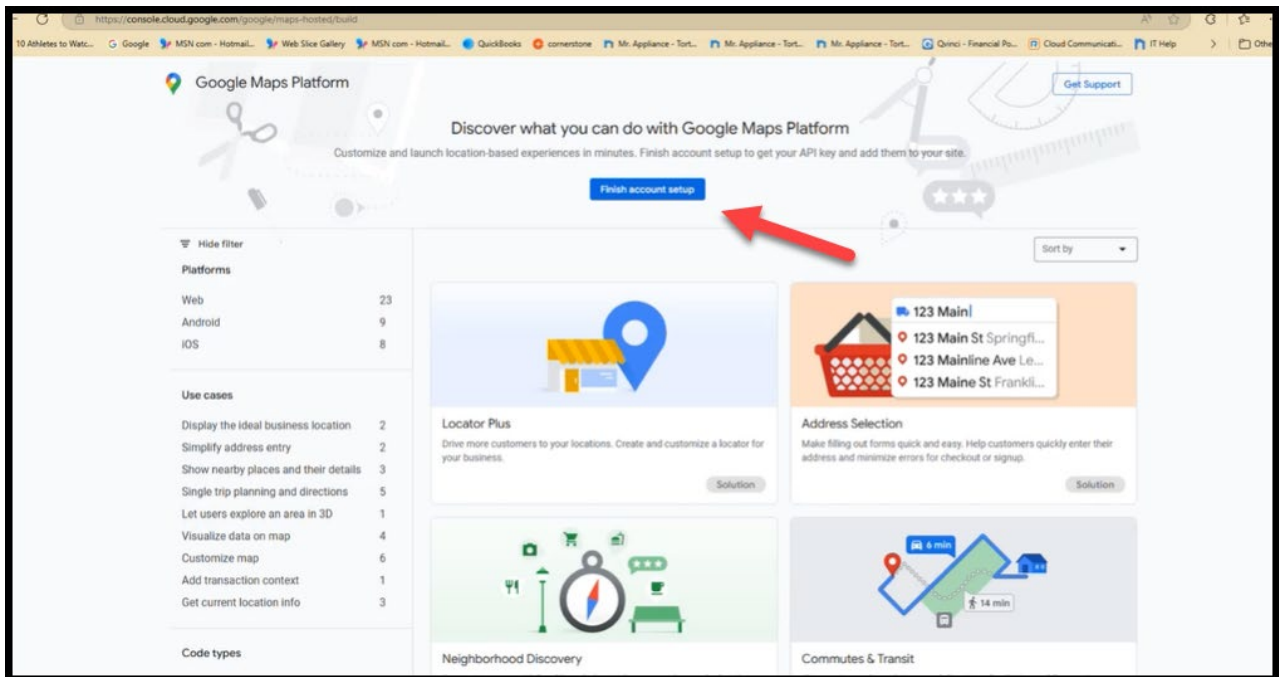

- Click on the “Get Started” button.

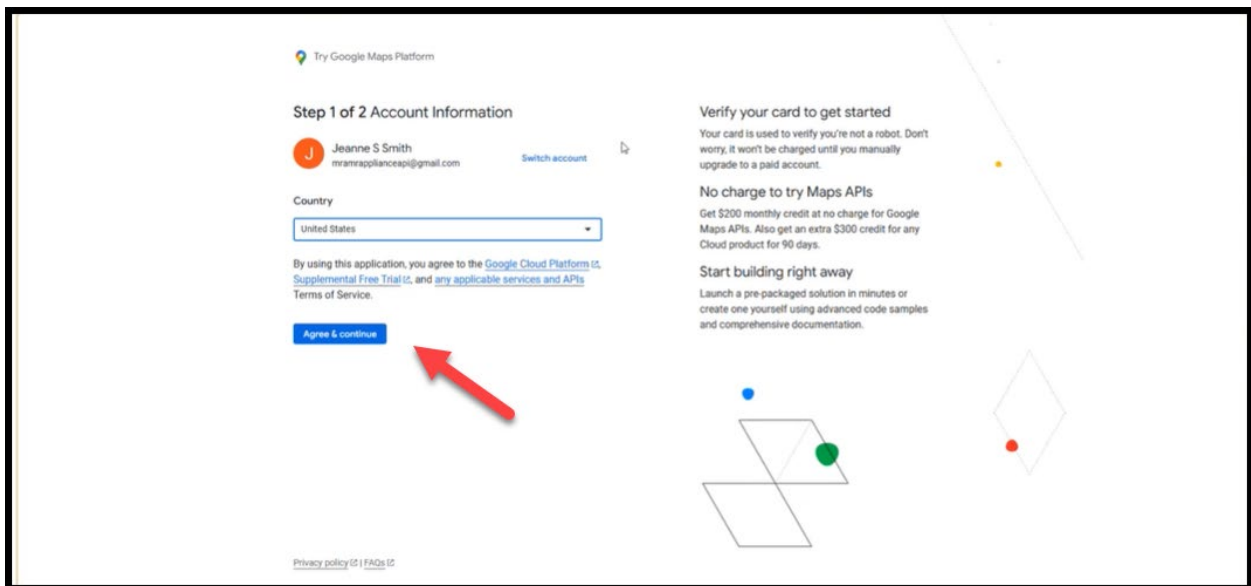

- Enter requested information.

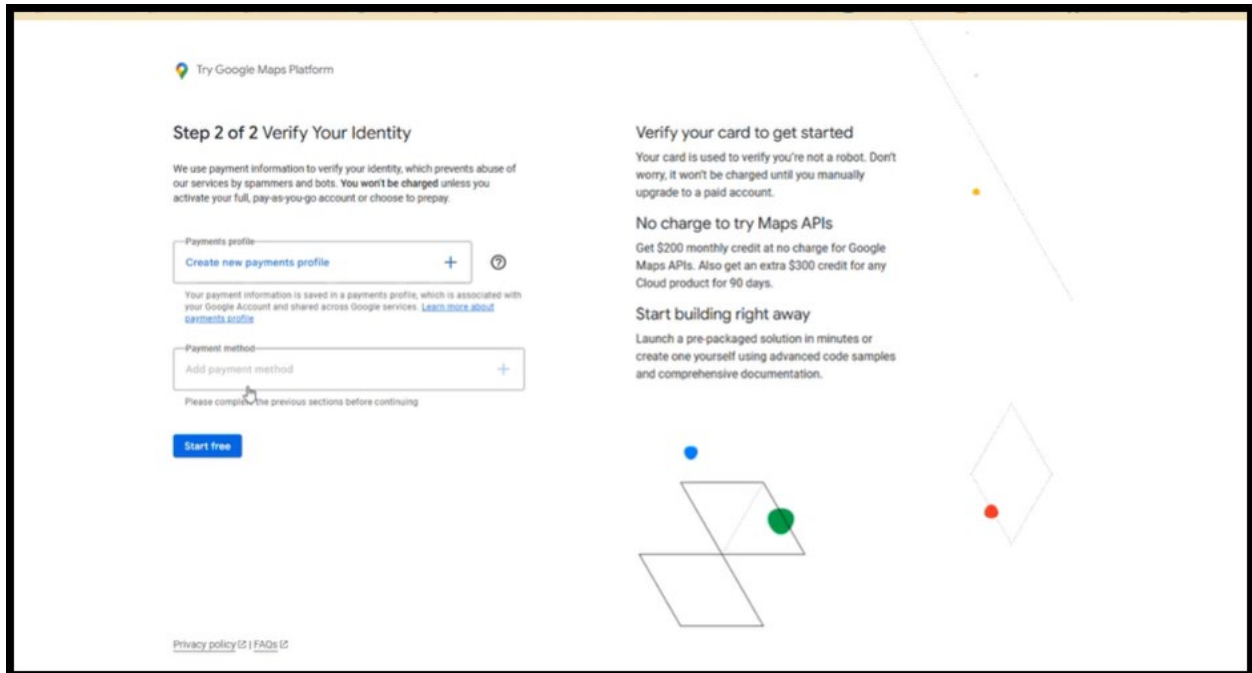

- Click on the “Finish account setup” button.

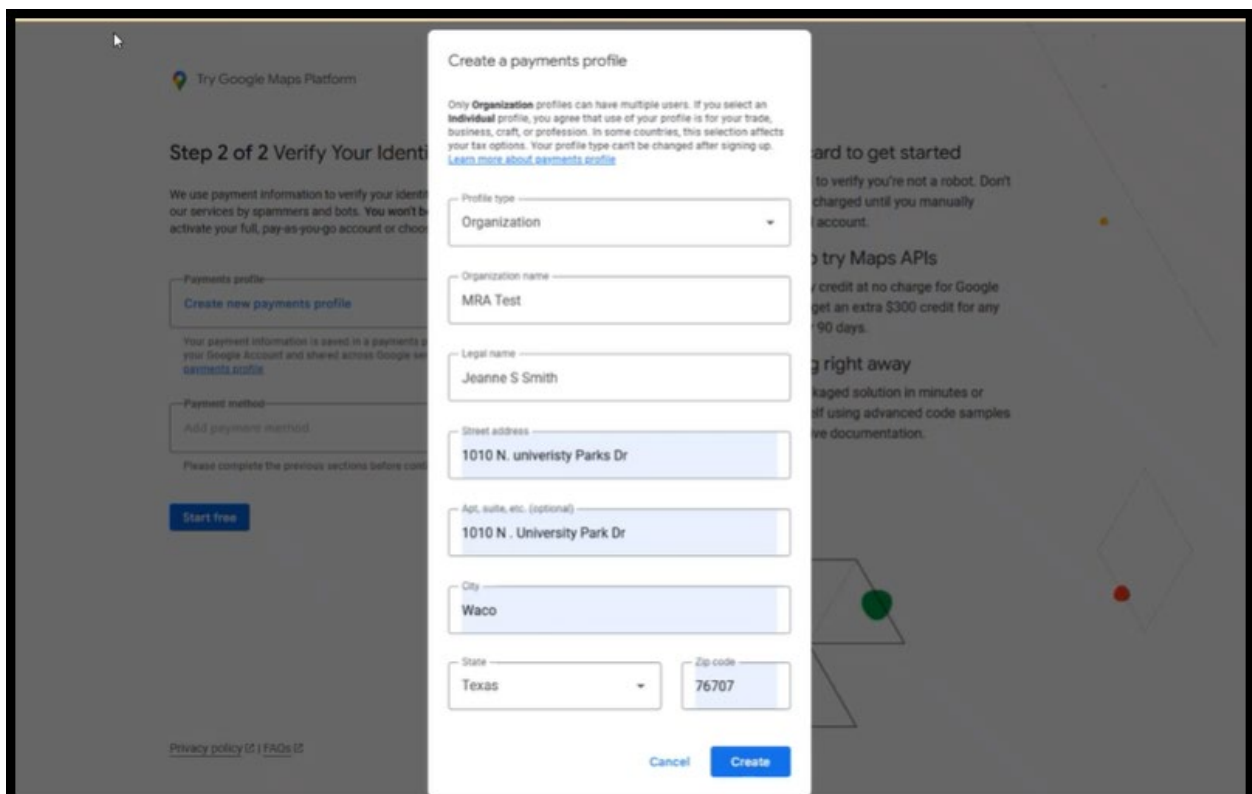

- Complete Step 1 of 2 Account Information and click on “Agree & Continue”.

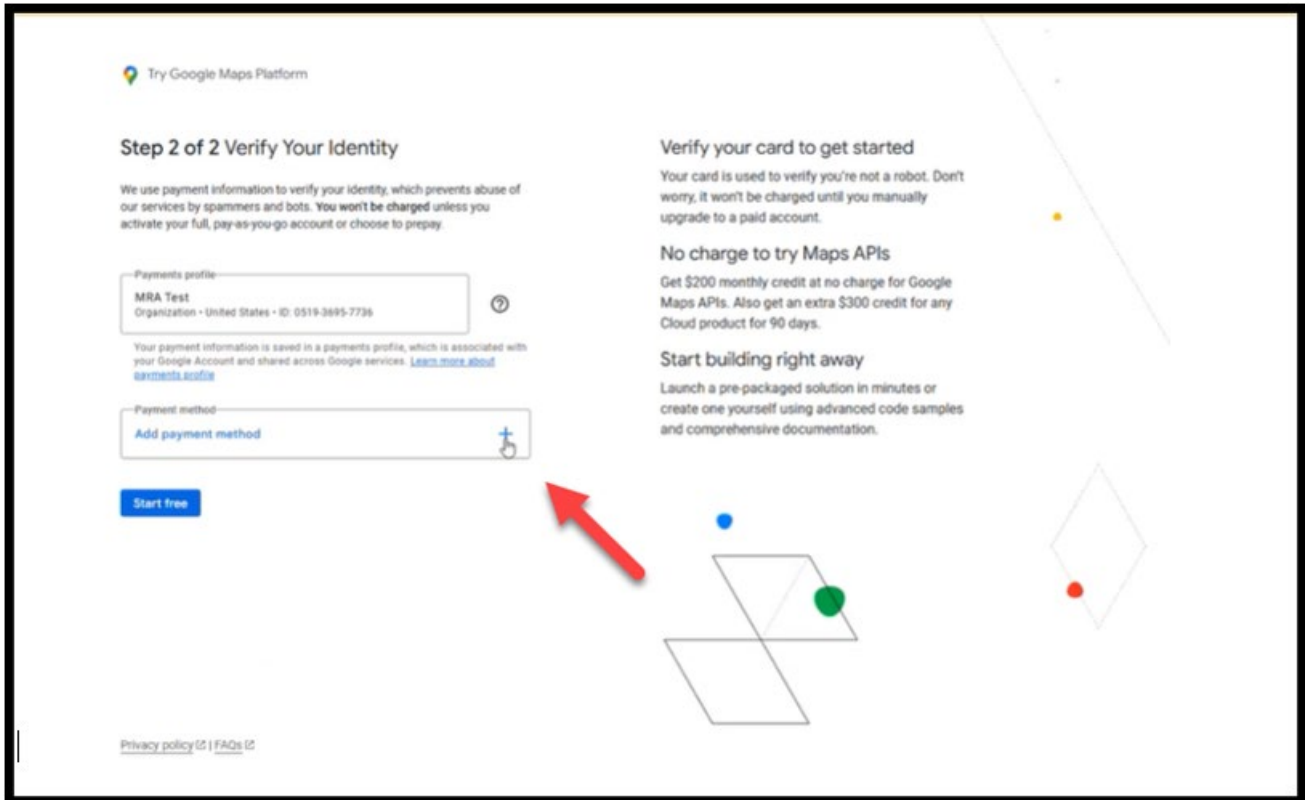

- Complete Step 2 of 2 Verify Your Identity.

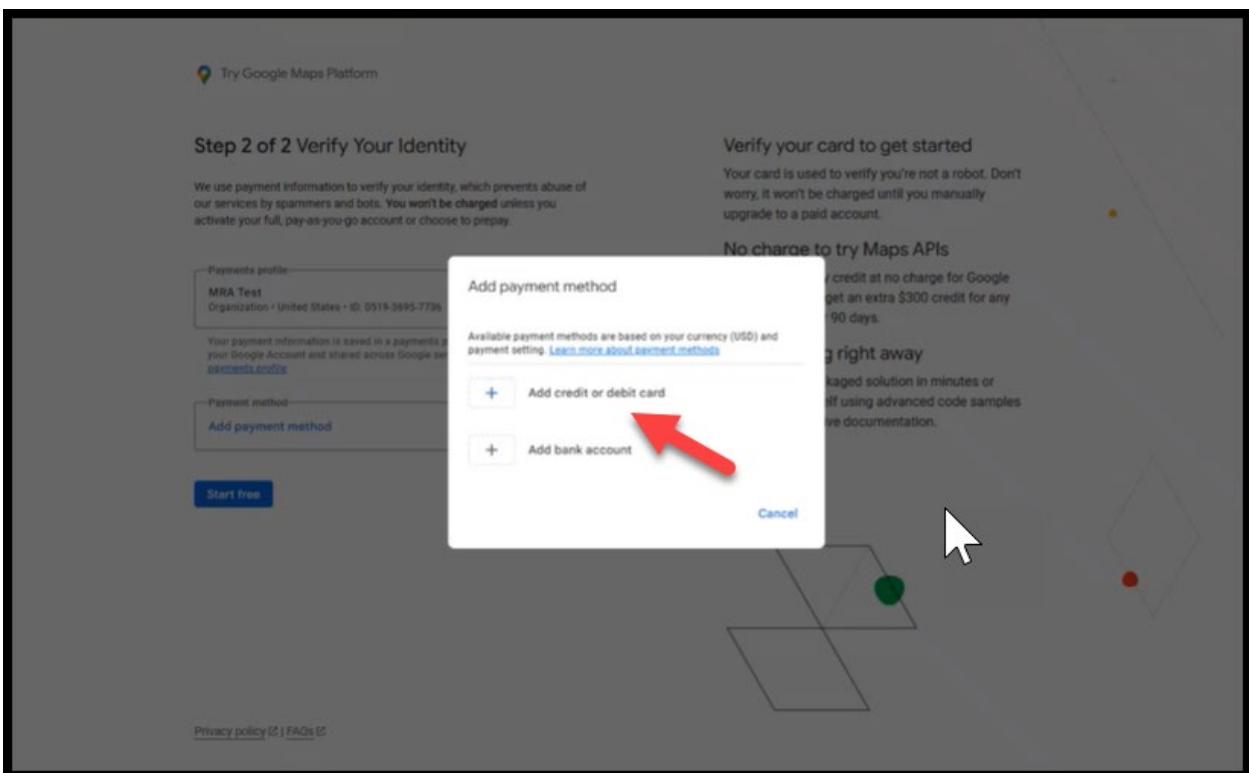

- Click "Create a payments profile."
Enter your information and click "Create".

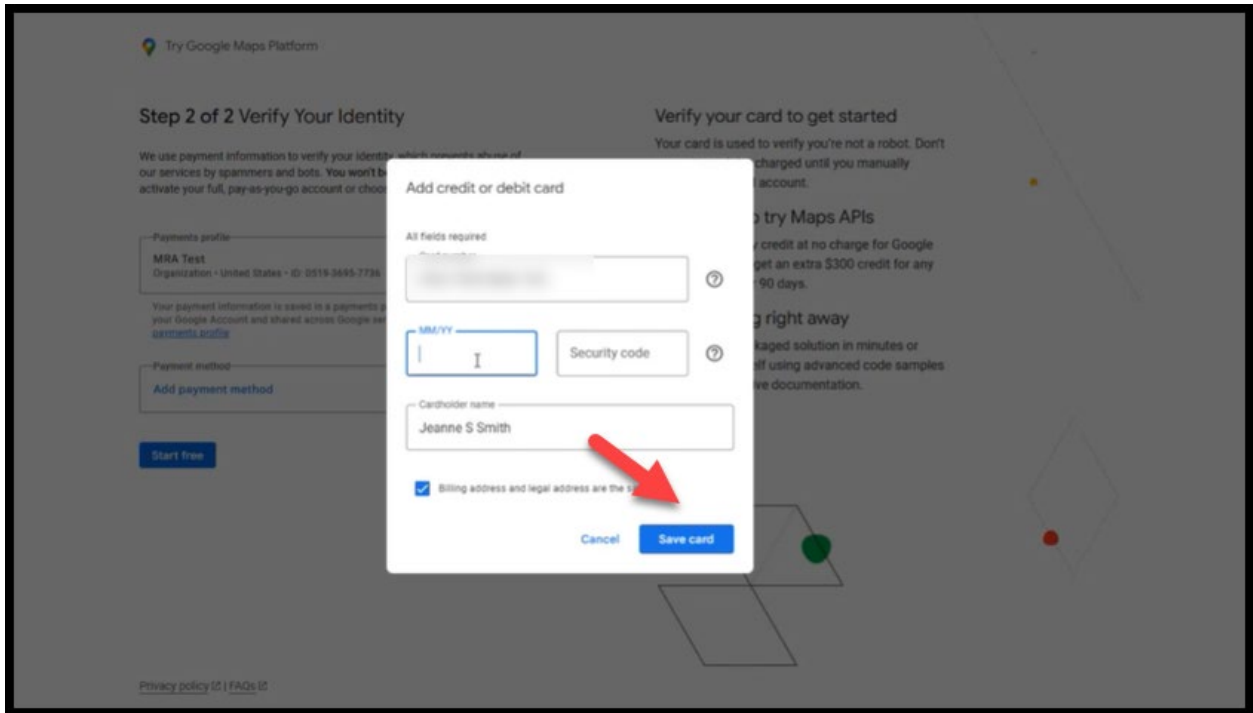

- Next, click the + button in the Add payment method.

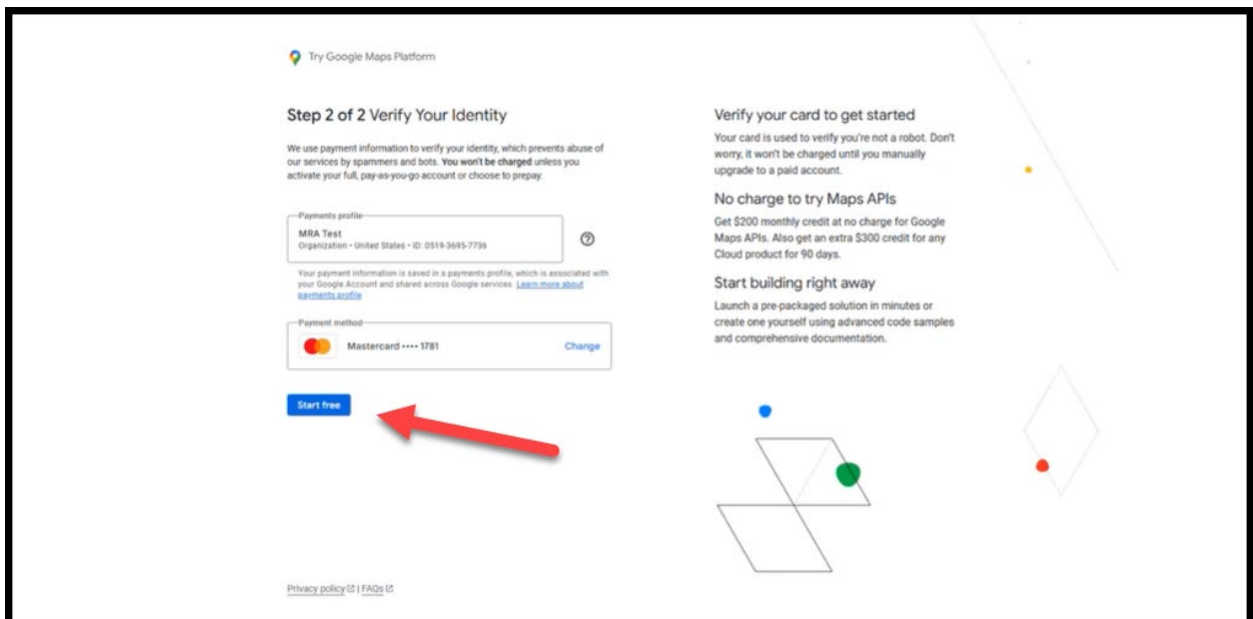

- Add credit or debit card.

- Once you have entered your card information, click on “Save card”.

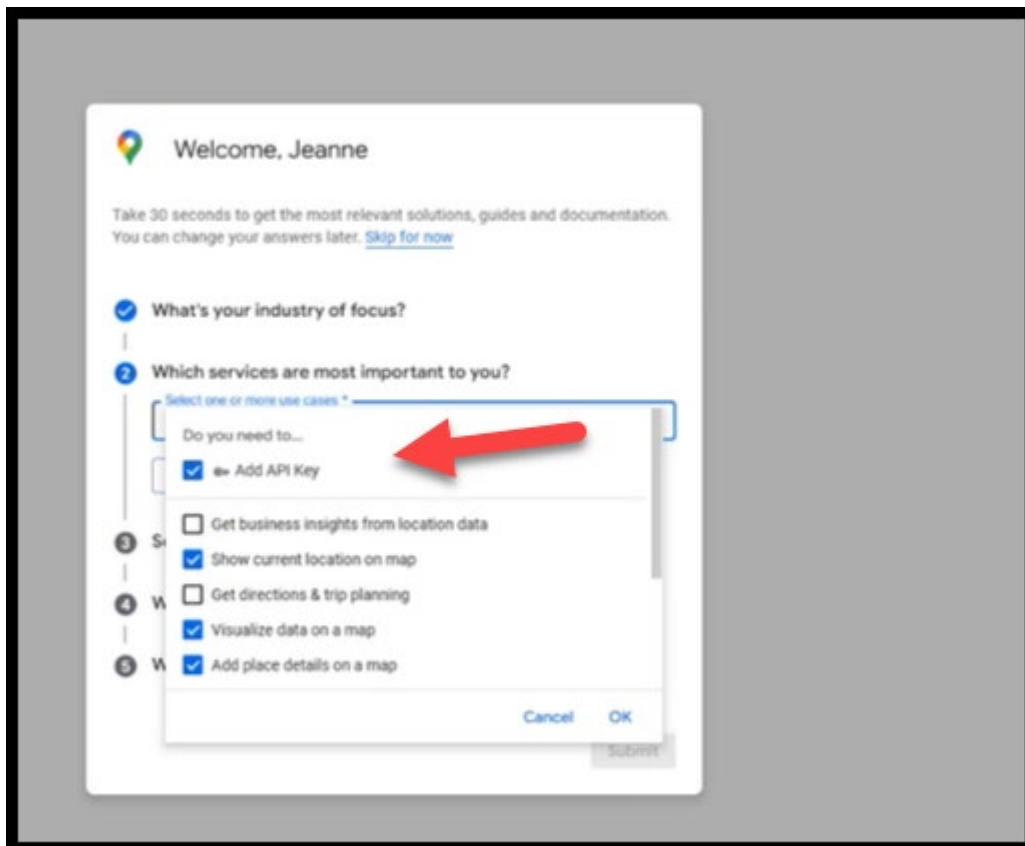

- Next click on “Start Now”.

ENABLE GOOGLE MAPS PLATFORM

- Once you click on the “Start Now” in the previous screen, you will be prompted with the Welcome screen.
- “What’s your industry of focus?”, select:
 - Professional Services
- “Which services are most important to you?”, select:
 - Add: API key
 - Show current location on map
 - Visualize data on a map
 - Add place details on a map

Then select OK

- “Select your preferred development approach”, select:
 - No code (use drag or drop components or starter apps)

Welcome, Jeanne

Cancel OK

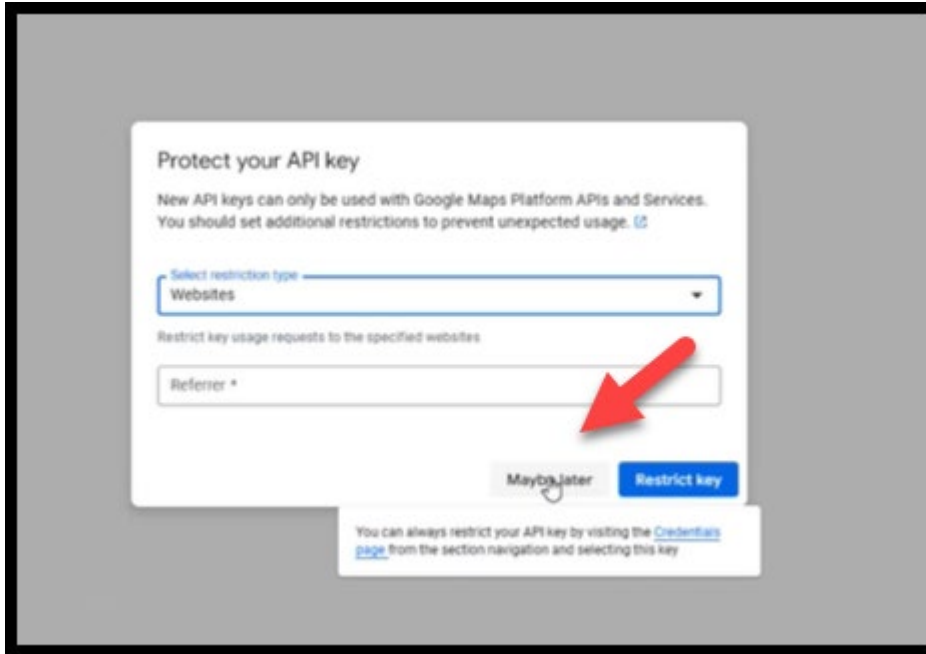

- Once the SUBMIT button is clicked, the Get Started on Google Maps Platform window with API key will populate.

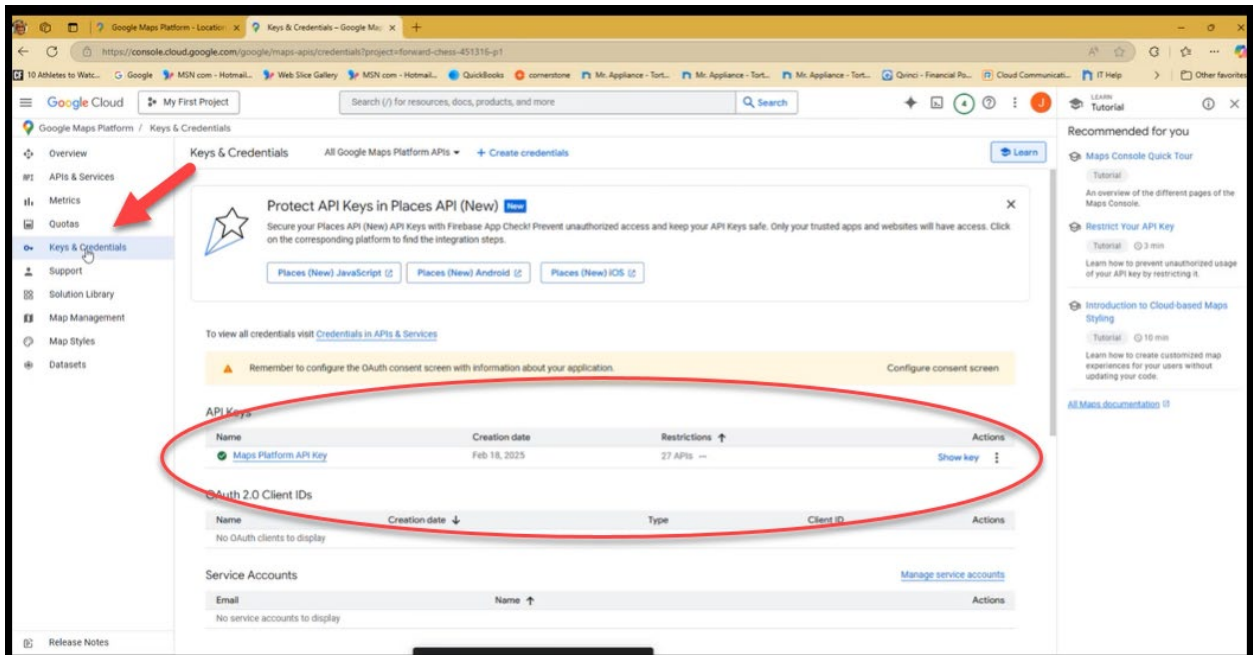

- You will need to click the Copy icon (in same field as the API key) on this screen.
- Click on Go to Google Maps Platform.

- Select “Maybe later” on the next window titled Protect your API key

- If you need to find your API key again, you will need to go to the “Keys and Credentials” tab:

ENTER MAP API KEY IN SMARTWARE

- Go to Setup Franchise > User Defined Values
- Go to Mapping
- Find in lower left corner the Mapping Provider
- Paste the API key in the "Mapping API Key" field.

★ Make sure AZURE is selected in the drop-down menu next to Mapping Provider. DO NOT CHANGE. If anything, other than AZURE is selected, scheduling, mapping and routing will no longer work.
